SERIOUS CONCERNS RELATING TO SOCOMD**

Reference:

A. R25294020 *Referral of serious concerns regarding Special Operations Command (SOCOMD) of 30 Mar 16*

1. At Reference A, I referred to you serious concerns relating to SOCOMD. You agreed to conduct a scoping inquiry into these concerns.

2. Late last night I became aware of a Facebook post by a member of SOCOMD, alleging he had been involved with war crimes in Afghanistan (enclosed). Having regard to the terms of reference of your scoping inquiry and based on the lack of specific information in the post, I consider the most appropriate course is to refer the post to you for further action and advice.

3. While I have a duty to refer this to you, I understand that this member is medically very unwell and our immediate concern is for his welfare. Army is taking all required steps to ensure he receives the support he needs. I raise this for your awareness in any engagement you may have with the member.

4. If you require any information or background relating to this member, my POC is [REDACTED] on [REDACTED] or [REDACTED]
