

## **Navy Capability Infrastructure Sub-Program**

### **HMAS *Coonawarra***

HMAS *Coonawarra* is located 3km from the City of Darwin. The proposed works at HMAS *Coonawarra* will be located within the Larrakeyah Defence Precinct.

### **Maritime Structures**

Works include upgrades to both existing wharves, strengthening of the Fremantle Wharf and extension of the Attack Wharf. Dredging of the Coonawarra Basin is also required to cater for the increased draught of the new Arafura Class Patrol Vessels.

## **Engineering Services Infrastructure**

The existing engineering services infrastructure will be extended or upgraded as required to service each of the new or upgraded facilities. These services will include electrical supply and distribution, roads and car-parking, and stormwater and sewerage.
