

Navy Capability Infrastructure Sub-Program

Osborne

The works proposed for this location will be sited on a vacant lot along Victoria Road, Osborne, approximately 25km north-west of the City of Adelaide. This site is adjacent to the Osborne South Shipyard where the Hunter Class Frigates will be constructed.

Office Accommodation

The works include construction of a Support Facility that will provide office accommodation for:

- Navy Headquarters South Australia
- the Naval Construction Branch
- technical laboratories to support shipbuilding activities.

Engineering Services Infrastructure

New engineering services infrastructure will be provided, including:

- electrical supply and distribution
- roads and carparking
- stormwater and sewerage
- site access control.
