Access Types

There are two types of access to the AUKUS licence-free environment you can apply for:

1. **'Partial' Access:** exemptions to Australia's export control laws
2. **'Full' Access:** exemptions to Australia's export control laws + additional exemptions to US law under ITAR §126.7

Note: Persons/entities certified as **Australian Authorized Users** will already be registered as **AUKUS Authorised Users** and be able to access Australian exemptions.

'Partial' Access (non-ITAR)	VS.	'Full' Access (ITAR)
AUKUS Authorised User [certified by Australia]	Refer to **Note**	**Australian Authorized User** [certified by US]
What does it provide? Australian legislative exemptions only		**What does it provide?** US ITAR §126.7 exemptions; (Australian exemptions carry over)
Who can transfers involve? Any Australian / US / UK person and/or entity at a place in Australia / US / UK		**Who can transfers involve?** For ITAR, only other US certified 'Authorized Users' in an AUKUS country
What are your obligations? Pre-notification to DEC when undertaking certain exempted activities + record-keeping		**What are your obligations?** Record-keeping in-line with US ITAR T&Cs; only pre-notify DEC if exporting from Australia

Goods and technology on the **Excluded Technologies List** and/or **Australian Military Sales Program** are not eligible for the AUKUS licence-free environment

Enrol via: MADE Portal		**Enrol via:** MADE Portal + US form^
