- Apply for Permits or Certificates:** Submit new export permit or certificate applications through the portal.
- Manage Data:** Keep your organisation's information and contact details up to date.
- Update Your Profile:** Regularly check and update your profile information.
- Manage Contacts:** Add or remove authorised contacts as needed.
- Track Applications:** Monitor the progress and status of your applications.

Types of Applications in **MADE**

Permits

- ➔ **Export or supply controlled items:** Apply to export or supply goods and technology listed on the Defence and Strategic Goods List (DSGL).
- ➔ **10A:** Apply to supply DSGL-listed technology to non-exempt foreign persons within Australia.
- ➔ **10B:** Apply to further transfer - outside Australia - certain DSGL-listed goods and technology that were previously transferred from Australia.
- ➔ **10C:** Apply to provide services related to certain DSGL-listed goods and technology outside Australia.

Certificates

- ➔ **International Import Certificate:** Certify that imported goods will be used as stated and not re-exported without permission.
- ➔ **Non-Transfer and End-Use Certificate:** Certify that the goods will not be transferred to another party and will be used as specified.
- ➔ **Delivery Verification Certificate:** Obtain a certificate verifying that the exported goods have been delivered to the intended destination.

Assessments and Registrations

- ➔ **DSGL / Activity Assessment:** Evaluate whether your activities or items fall under DSGL controls.
- ➔ **Brokering Arrangement:** Apply for permission to arrange the supply of DSGL-listed items between two foreign entities.
- ➔ **Broker Registration:** Register as a broker to legally arrange the supply of DSGL-listed items.
