Family Support Funding Program (FSFP) Progress Report FY2024-25

Defence Member and Family Support

Organisation	
Project Name	

Preface

The Defence Member and Family Support (DMFS) Branch is committed to the ongoing improvement of the Family Support Funding Program (FSFP) by our continued interest in the projects that are supported through the program.

The FSFP Team want to learn how to better support our grant recipients, Defence families and the community they live in. We appreciate that sometimes, things don't go according to plan. As such, we are interested to understand why some parts of the project may not have gone as intended and what your organisation has learnt from the challenges you have faced.

A condition of your Grant Agreement is to provide a progress report. The aim is to understand what is working well and areas that may need additional support. The report should be based on the first six months of the financial year and including the key outcomes and progress to date.

The report can also be used to prompt your organisation to get feedback from the community to assist you in further understanding the impact of your work. It can also provide an opportunity to reflect on progress and what you've learned to date.

In addition to this report you may be asked to provide financial statements relating to grant funding, a Certificate of Currency for insurance and any additional information if necessary to complete the progress report.

Completed documents must all be submitted by email to the FSFP team by **23 February 2025**.

If you have any questions regarding the FSFP grant process, please contact the team at defence.communitygrants@defence.gov.au.
