

**ANNEXURE F****PUBLIC AIC PLAN****LANDING SHIP DOCK IN-SERVICE SUPPORT CONTRACTOR - AUSTRALIAN INDUSTRY  
CAPABILITY PLAN****COMPANY DETAILS**

Atlantic & Peninsula Australia head office is located at:

A&P Company Name: Atlantic & Peninsula Australia Pty Limited

Mailing: PO Box 136, Potts Point, NSW, 1335

Location: Level 2, Building 328, Garden Island Defence Precinct,

Cowper Wharf Road, Woolloomooloo, NSW 2011

Website Address: [www.ap-australia.com.au](http://www.ap-australia.com.au)

**EXECUTIVE SUMMARY**

*Atlantic & Peninsula Australia Pty Ltd ("A&P") are the prime In-Service Sustainment and Support (ISS) contractor for the Royal Australian navy ship, HMAS Choules.*

*The in-service sustainment support arrangement for HMAS Choules is to provide the following services:*

- a. Support services management
- b. Engineering support,
- c. Maintenance support and
- d. Supply support.

The contract value to be undertaken by A&P under this contract is of \$52,307,915 over a 1-year period, from the 1st July 2023 to the 30th June 2024.

A&P endeavours to engage Australian industries and commit the majority of the contract value to local subcontractors. The value and scope of work to be performed by A&P's subcontractors may vary and can be provided on request.

Some of the work packages being undertaken under this contract are:

Description
Maintenance of Diesel Engines
Maintenance of Electrical Propulsion Systems
General Marine Engineering Services
Auxiliary Ship's Systems Engineering Services
Engineering and Naval Architecture Design Services
Accommodation and Domestic Spaces Maintenance and Refurbishment Services
Communications and Navigation Systems Maintenance Services

A&P work packages are inclusive of all planned and unplanned maintenance activities, provision of engineering services and support as well as provision of Life Cycle Cost modelling, analysis, reviews and reports. The work is predominantly performed on Garden Island Navy Base unless a requirement for urgent repair is required in a different Australian locality.

**SCOPE OF FUTURE WORK OPPORTUNITIES**

Review date: 07/09/2023	Document Ref: MGT-700 Australian Industry Capability Plan	VERSION No: 11	Page 30 of 33

In the event of the Commonwealth increasing the scope of services to sustain and or upgrade HMAS Choules capability and lifespan, A&P is in the position to provide work opportunities to local Australian industry in order to deliver the revised in-service support services.

Ships System maintenance to be addressed in the upcoming 12-month period are as follows:

Description
Hull & Deck Systems - Boats
Hull & Deck Systems - Tanks/ WT Compartments
Hull & Deck Systems - Superstructure/ Compartments
Radio & Radar Systems - External Communications
Hull & Deck Systems - Lifting Equipment & Fittings
Scaffolding
Rescue team
Painting
Domestics/ RAS Systems - Hotel Services
Auxiliary Systems - Fixed Fire Extinguishing Systems
Crane Hire
Propulsion Systems - Azimuth Thruster System
Electrical Systems - Electrical Generation System
Domestics/ RAS Systems - HVAC System
Propulsion Systems - Electrical Propulsion System
Auxiliary Systems - Fuel Oil Systems
Electrical Systems - Distribution System
Electrical Systems - Aviation/ Flight Deck
Travel and Subsistence for Overseas Contractors
Auxiliary Systems - Fire Detection System
Hull & Deck Systems - Underwater Hull & Appendages
Hull & Deck Systems - Exposed Weatherworks/ Decks
Electrical load banks
Hull & Deck Systems - Anchors, Cables, Towing Arrangements & Deck Equipment
Radio & Radar Systems - Military Radar Systems
Auxiliary Systems - Compressed Air Systems
Auxiliary Systems - Workshop Machinery
General Labour and Supervision Support
Tank cleaning
Hired Plant & Equipment
Domestics/ RAS Systems - Sewage & Waste Disposal Systems
Radio & Radar Systems - Electronic Nav Aids
Domestics/ RAS Systems - RAS Rigs
Domestics/ RAS Systems - Refrigeration System
Hull & Deck Systems - Ventilation System
Electrical Systems - Power & Lighting
Auxiliary Systems - Ballast & Bilge Systems

Hull & Deck Systems - Miscellaneous Surveys/ Certification
Electrical Systems
Domestics/ RAS Systems - Lifts & Hoists
Domestics/ RAS Systems - Auxiliary Boiler/ Distilling Plant Systems
Hull & Deck Systems - Doors & Hatches
Accommodation deck protection
Rigging & Slings
Auxiliary Systems - Aviation Support System
Weapons Systems - CIWS
Weapons Systems - Self Defence Systems
Electrical Systems - Miscellaneous Surveys/ Certification
Auxiliary Systems - Fresh Water Services Systems
Electrical Systems - Switchboard Control
Radio & Radar Systems - SICS/ SIRS
Electrical Systems - Alarm System
Auxiliary Systems - Sea Water Cooling System
Propulsion Systems - Bow Thruster System
Disposal of hazardous waste
Grey / Black Water
Temporary Electrical Services
Auxiliary Systems - Life Saving Equipment - SLSE
Radio & Radar Systems - Miscellaneous Surveys/ Certification
Integrated Automation Systems - Integrated Platform Management System
Auxiliary Systems - Lubricating Oil System
Rental of Temp Office & Storage of Flammable / Hazardous Materials Lockers
Transport from A&P Facilities
Electrical Systems - Emergency Generation System
Auxiliary Systems - Portable Fire Fighting Equipment
Consumables
Auxiliary Systems - Fresh Water Cooling System
Domestics/ RAS Systems - Miscellaneous Surveys/ Certification
Electrical Systems - Navigation Lighting
Integrated Automation Systems - Power Management System
Radio & Radar Systems - Internal Communications
Auxiliary Systems - Miscellaneous Surveys/ Certification

### **FUTURE OPPORTUNITIES / INDUSTRY ENGAGEMENT**

Future work opportunities are promulgated through this public AIC Plan and also via the AIDN website.

Prospective Australian suppliers are assessed for their applicability to undertake subcontract work for HMAS CHOULES through A&P's subcontractors selection and engagement process.

Successful Australian industry can expect an initial response within 30 (thirty) working days.
